Assignment: Please take your time and make this nice. It will count as a QUIZ grade.

1. You are to create an outfit. You can draw the outfit or piece one together from magazine clippings.

2. You are to write TEN sentences in SPANISH about your outfit. Things you CAN include: colors, sizes, when would someone wear this, where would someone wear this outfit, would you wear it, etc.

3. KEEP IT SIMPLE! The skirt is pink. The shoes are ugly. The shirt is loose. The earrings are made of gold. Etc. Obvious use of a translator will result in a ZERO!
